

The Firm.

Cannabis Attorneys of Michigan was founded in 2009 to provide focused expertise to the growing Michigan cannabis industry. The Firm can assist you with everything from selecting and creating the appropriate business structure, to securing your state license, and navigating the unpredictable quagmire of local ordinances.

The Business of Marijuana. ®

Our Experience.

Our breadth of experience in Business Transactions and the ever-developing Michigan cannabis laws make us uniquely suited to provide you with a solid foundation upon which to start your venture.

Our Founder and Managing Partner, Denise Pollicella, was actively involved in crafting the Medical Marijuana Facilities Licensing Act and continues to be an influence in developing the administrative rules and policies in the industry.

Our Firm is dedicated to staying at the forefront of policy and we continue to take leadership roles and forge relationships across the industry each day.

We host regular seminars to keep our clients on the cutting edge of the regulations. These highly informative sessions open a vast array of business opportunities through networking with other clients and industry professionals.

Everywhere your business takes you, we have experts ready to help, whether that is with Litigation, Compliance, Mergers and Acquisitions or Trademarking your logo. As full-service business attorneys, we work with you from inception to fully licensed and operational.
